Findorff Wins Safety Award from AGC of Wisconsin

Madison- J.H. Findorff & Son was awarded Safety Excellence for 2008 by The Associated General Contractors of Wisconsin. Findorff fulfilled the criteria of at least 4,000 work hours, had no fatalities and had a low lost time incident rate.

Safety Director Sonny Femal joined 16 employees in receiving the award at the 31st Annual Construction Safety and Education Day. "I was honored to receive this award on behalf of everyone at Findorff, we all share in this success," said Femal. "Excellence in safety is a core value that we live by every day."

"It's great to be recognized for our efforts," she said. "But, winning this award is not the end of the process. We'll continue to improve our systems. The best reward is knowing that at the end of the day everyone is going home to their family uninjured...that's really what it's all about."

J.H. Findorff & Son is one of Wisconsin's leading builders, with offices in Madison and Milwaukee. Findorff currently employs an average of 600 construction professionals and tradespeople, and completes over \$300 million in construction annually.
